6. **California Citizens Redistricting Commission and Placer County**

Council Member Hanley introduced this item. He said when the legislature drew the current district maps, they created 3 separate districts within Placer County. He said Placer County should be kept whole during the upcoming redistricting process.

Council Members then asked questions about the timeline of the redistricting process and the past practice of drawing districts.

Council Member Holmes said he supports this item because having the County whole would be less complicated for citizens and for the County Registrar of Voters.

Council Member Holmes said he would like to add a sentence stating this is a cost saving measure for the County Clerk in developing ballots for various elections.

By **MOTION**,
